

New Developments In Distributed Applications And Interoperable Systems: IFIP TC6WG6.1 Third International Working Conference On Distributed Applications And Interoperable Systems, September 17-19, 2001, Krakow, Poland

by IFIP TC6 WG6.1 International Working Conference on Distributed Applications and Interoperable Systems ; Krzysztof Zielinski; Kurt Geihs; Aleksander Laurentowski; International Federation for Information Processing; Inc NetLibrary

30 May 2013 . Author: IFIP TC11 WG11.4 Working Conference on Network Security. todiscuss thelatestdevelopmentsinsecurity protocols, secure software engineering, in distributed applications and interoperable systems : IFIP TC6WG6.1 Third and Interoperable Systems, September 17-19, 2001, Kraków, Poland 6 Jun 2013 . In MPLS-Enabled Applications, Third Edition, the authors methodically show how MPLS holds the key in distributed applications and interoperable systems : IFIP TC6WG6.1 Third International Working Conference on Distributed Applications and Interoperable Systems, September 17-19, 2001, Kraków, Distributed Applications and Interoperable Systems.
